Some Event News from the Board of Supervisors.

YARD WASTE PICK-UP

This new program was just approved that gives the residents a chance to have their yard waste picked up by Jdog. There is no charge for this service. This service will be available from April 16 to August 20, 2019. The pickup service will be on the 3rd Tuesday of every month (April 16 to August 20) from 7 am to 3 pm. You are to put the yard waste (not grass clippings) in a bag, next call Jdog at 570.759.7715 or email them at

mahoningyards@gmail.com and give them your name and street address. Be sure to have the bags out, perhaps the evening before the pickup date. If you put them out later that day, there would be a possibility the bags wouldn't get picked up. If you have large limbs, they may not be picked up depending on the size of the limbs, but you could come to the office of the Mahoning Police Secretary and pick up a key and then take them to our deposit site near the Odd Fellows Cemetery. This service is not for Commercial Service Businesses such as mowing services.

DUMPSTER-SPRING CLEAN UP DAY

Another service being provided this Spring by the Board of Supervisors is Dumpster Day. This year it will be held on the 27th of April in front of the Mahoning Municipal Building at 849 Bloom Road beginning at 7 am until Noon. You are to enter the site from Jade Avenue near the Sunoco Gas Station and you exit onto Bloom Road. The Street Department and Supervisors will be there to assist you with unloading of your items. Remember, you are allowed 1 truck (pick up truck size) and or trailer and no Uhaul trailers are allowed to be used. There are material restrictions in place by the Heaps Container Service because of the Landfill Policy. The following will not be allowed to be placed in the dumpsters, cans of paint, computers, electronic equipment, television sets, brush, limbs, stumps, grass, garbage or contractor's waste or any appliance with Freon Gas such as air conditioners and refrigerators. Currently the cost per tire is \$6.00.

HELP KEEP OUR STREET DEPARTMENT PERSONNEL SAFE

The Board of Supervisors want you to know that with the coming of Spring, our Street Department will be working on our roads. Statistics show that most municipal injuries are to road crews working along the streets, avenues and road performing maintenance to these areas are injured by vehicles driving too fast through that area.

GRANTS

The Board of Supervisors want you to know that Drew Barton, our engineer has obtained a grant (Growing Greener Grant for Laura Lane Watershed Study) The grant requested was for \$27,000 with a 15% match of \$4,000. Drew also submitted a Green Light Go Application for a GLG Grant which will be awarded sometime late this fall. Grant requested was \$351,140.74 with a match of \$117,046.91.

POLICE DEPARTMENT UPDATE

Police Chief Sean McGinley reported that the PD and the Street Department will be marking Bloom Road in various locations with speed enforcement lines. The PD will be increasing patrols along Bloom Road and will be targeting speeding and aggressive driving behaviors. Also, the PD has been receiving citizen complaints about divers not stopping for stop signs and driving too fast in residential areas. This has been particularly true along Oak and Maple Streets and their intersecting roads. As a result, police will be monitoring traffic in those areas and taking enforcement action when warranted.
